Zoning Board of Appeals Meeting

CALL TO ORDER
The Meeting was held on Wednesday, November 20, 2024 of the Benton Charter Township Zoning Board of Appeals was called to order at 4:00 pm.

Members Present:	Chairperson Michael McCausland, Matt Davis, Larry Nielsen, Arnold Leonard
Members Absent:	Lemont Betts
Staff Present:	Andy Dean, Loyall Bennett, Deeann Scalf
Also present:	Applicant, Home 2 Suites, Jay Patel & Hursh Patel
	BCT Fire Chief, Rob Harper

SILENT INVOCATION: None.

APPROVAL OF MINUTES: Meeting Minutes from July 31, 2024 Meeting were motioned by Mr. Nielsen and supported by Mr. McCausland. Motion passed.

AGENDA AMENDMENTS: None.

MOTION TO OPEN A PUBLIC HEARING: None.

NEW BUSINESS:

1. Applicant Sam Patel (Ganesh of Benton Harbor) 50970 Stonebridge Dr., Granger, IN. 46530 is seeking a variance from the current max building height of 40'. The request is to erect a 55'1/4" max height Home 2 Suites Hotel. Located at 1923 Pipestone Rd. (Property ID# 11-03-0033-0002-32-0) (PUBLIC HEARING).

Building Department, Mr. Bennett stated we have put a Presentation together for other Hotel's in the Area, and we have found that all of the other Hotels in that Area have already been approved with a max height of 55'. Anywhere between 50' and 56' max height, and that is at the signage level, which is at the center. Home 2 Suites Hotel is proposing 55' and 4 ½ " to the very top. The Standard Building is going to be at 48' and 2 ¼ tall. That is the parapet level here up at the top (Signage Elevation Level). In taking in to consideration with all of the other Hotels within your Packet. It is well within reason of the height that was already granted for the variances in those Hotels. All the way back from the earliest in 2013 up to the most recent in 2018. Hursh & Sam Patel, the Applicants are here if there is anything you would like to address to them on this Project. Board advised they have no questions for the Applicants at this time. As well as no questions or concerns for the Building Department on this Building Height Variance. Mr. McCausland advised with the completed thorough packet everyone received there is no further comments or questions he has. Mr. Bennett we can definitely look into those concerns with regards to Commercial Properties. There are a few things Mr. Bennett needs to get addressed anyways with the Ordinances, so this can definitely be added to the Sign Height one, but receiving a little push back on that. When Mr. Bennett has a little bit more information about it, he will then bring it in front of the Zoning Board of Appeals for some insight. But we can definitely look into this further.

Mr. Neilsen mentioned you can always grant variances as long as to the contrary to the content and purpose of the Original Ordinance. What was the purpose of the 40' limit that has obviously been violated from time to time again. He is wondering what the purpose was for the original variance limits. Mr. Bennett to get a (4) four story Hotel you almost need that extra 8' and he thinks it was put in place to limit in areas of Residential Areas. But for the purpose of a 4 story Hotel, it is not practical by today's standards. Mr. Nielsen or by practice of the Township either. Mr. Bennett or by the practice of the Township. So maybe we could address it as a D1 Commercial or the Zoning Board of Appeals could make a Standing Recommendation for D1 Area's. And the Zoning Board could put a standard out. Definitely something to think about. Mr. Neilsen asked if the Patel's had any comments to make. Patels no they did

not at this time. Mr. Nielsen motioned that the ZBA Board requests to approve this grant for the Hotel Height Variance for the Home 2 Suites Hotel, with Mr. Davis seconding the motion. Motion passed.

AUDIENCE COMMENTS: Benton Charter Township Fire Chief, Rob Harper advised that they currently own a 75' Ladder Truck for about a year longer, then they are receiving a 100' Ladder Truck once it is built. He see's no reason this Hotel Height will be an issue for him and his Firefighters.

ADJOURNMENT: Public Hearing is now adjourned at 4:07 p.m..

ADJOURNMENT: There being no further business before the ZBA, the Meeting was adjourned:
Minutes: Deeann Scalf the Secretary of the Zoning Board of Appeals.

Size of Family Unit	Poverty Guidelines
1	$ 15,060
2	$ 20,440
3	$ 25,820
4	$ 31,200
5	$ 36,580
6	$ 41,960
7	$ 47,340

The asset test should calculate a maximum amount permitted and all other assets above that amount should be considered as available.

NOTE: MCL 211.7u allows an **affidavit** (Treasury form 4988) **to be filed for all persons residing the residence who were not required to file federal or state income tax returns in the current year or in the immediately preceding year. Poverty Exemption Policy
Under 211.7u M.C.L.

This is the policy for property owners to receive consideration by the Benton Charter Township of Review during its meeting. The policy is as follows:

DEFINITIONS

Homeowner's Principal Residence Exemptions are the only properties considered.

Homeowner's Principal Residence Exemption also includes all of an owner's unoccupied property classified as residential that is adjoining or contiguous to the dwelling subject to ad valorem taxes and that is owned and occupied as a principal residence by the owner. Contiguity is not broken by a road or a right-of-way. Homeowner's Principal Residence Exemption also includes any portion of principal residence of an owner that is rented or leased to another person as a residence as long as that portion of the principal residence that is rented or leased is less that 50% of the total square footage of living space in that principal residence. Homeowner's Principal Residence Exemption also includes a life care facility registered under the living care disclosure act, Act No.440 of the Public Acts of 1976, being sections 554.801 to 554.844 of the Michigan Compiled Laws. Homeowner's Principal Residence Exemption also includes property owned by a cooperative housing corporation and occupied as a principal residence by tenant stockholders.

Related buildings include a residence occupied by a person employed in or actively involved in the agricultural use and who has not claimed a homeowner's principal residence exemption on other property. Property used for commercial storage, commercial processing, commercial distribution, commercial marketing, or commercial shipping operations or other commercial or industrial purposes is not qualified agricultural property. A parcel of property is devoted primarily to agricultural use only if more than 50% of the parcel's acreage is devoted to agricultural use. An owner shall not receive an exemption for that portion of the total state equalized valuation of the property that is used for a commercial or industrial purpose of that is a residence that is not a related building.

1. A full exemption equal to a 100% reduction in taxable value for the year in which the exemption is granted; or
2. A partial exemption equal to a 50% reduction in taxable value for the year in which the exemption is granted; or
