Rental properties are required by Ordinance (82-805) to be registered. Registration is required annually with inspection to be set up by you at time of registration. Payment of fees and scheduling of rental inspections should occur at the time of registration.

The Benton Charter Township Ordinances may also be found online at the www.municode.com site (Municode.com > online library > Berrien County > Benton Charter Township).

All properties which meet the definition of a rental are required to be registered and inspected. The current edition of the ICC Property Maintenance Code (2015 version) is used as basis for the inspection. You may order the code online at iccsafe.org in the bookstore online. Or, you may also request to see the copy we have in the office.

Additional information may be required. Email address information is for ease of contact only. Please complete necessary information such as phone, cell phone, and fax information to make it easier to reach you. County information (tax mailing information) will be the default legal notice address.

It is the responsibility of the owner to arrange for inspections. You may be required to arrange for and to be there when the units are inspected.

Thank you for your completed application. We look forward to serving you.
